Work Experience

Software Developer II — Sep 2025 - Present
Morgan White Group — *Ridgeland, MS*

- Built MWG Provider Portal on a three-developer team, a new customer-facing MVC web application for healthcare providers to verify member eligibility, benefits, and claim status, working full-stack across the application and leading the Claims and Eligibility/Benefits features
- Developed and maintained interactive web applications using MVC and Blazor (WASM / Server) for Morgan White Group TPA

Software Developer I — Sep 2023 - Sep 2025
Morgan White Group — *Ridgeland, MS*

- Designed, developed, and maintained new and existing code using C# and Entity Framework to automate insurance claim processing for Morgan White Group TPA
- Utilized DevExpress and DataTables to build tools, UI elements, and software for use by both technical and non-technical agents
- Developed and implemented REST APIs to enable integration across internal systems and external partners
- Designed and implemented a migration plan to Microsoft Azure Blob Storage to enhance scalability and improve performance
- Implemented EDI ANSI X12 standards using EDIFabric for EDI 837, EDI 999, and EDI 835 file generation and processing while ensuring HIPAA compliance and data integrity
- Developed internal and external tools to interact with and automatically validate data across products and environments

Shift Manager — Jun 2020 - Jul 2023
Flynn Restaurant Group — *Starkville, MS*

- Performed opening and closing store operations while leading a customer-oriented team
- Provided support and guidance to team members in handling escalated customer inquiries and issues
- Implemented and executed inventory, cash management, and quality control measures leading to increased sales
- Supported and assisted in the professional development and growth of my team

Associate — Jul 2020 - Oct 2020
JCPenney — *Starkville, MS*

Department of English - Writing Center Tutor — Jul 2017 - May 2018
Holmes Community College — *Ridgeland, MS*

Education

Mississippi State University — Starkville, MS
Bachelor of Science in Computer Science — *Aug 2023*
